MEMORANDUM

March 9, 1964

TO: Messrs. Ball, Belin, Craig

FROM: Norman Redlich

SUBJECT: Testimony before the Commission of Eyewitness Testimony.

In reviewing the witnesses who claim they saw the assassin, I notice that Robert Edwards and Ronald Fischer have not been scheduled to appear before the Commission, but are supposed to be deposition witnesses. Of all the eyewitnesses they have been the least definite in their willingness to say that Oswald was the person who fired the rifle. Why should they not be questioned on April 6 at the same time as you question Brennan?
